

# Multiplier Event in Spain

---

## **ORGANISATION OF THE EVENT**

The Multiplier Event of ECWORK project was held in the premises of Fondo Formación Euskadi in Trapagarán.

Organisations from different fields were invited to the conference: educational field as VET organizations, Universities, other Educational organizations; .. business field as metal sector companies, engineering companies, mechanical companies, ..

This event was used for disseminate the results obtained within the project; students', teachers', and companies' guidelines; as well as to make more known the European Credit System for the Education and Training System and its use and applicability during the transnational mobilities.

21 participants attended the Multiplier Event.

## **FEEDBACK FROM THE EVENT**

The participants showed their interest in the results obtained in the project and their applicability in students' mobility processes.

In general, the organizations involved were not very familiar with mobility activities but were interested on knowing more about them. Different contacts were made to exchange more information about the project results and the future use of the outputs.
